ABILITÀ ARTIGIANALITÀ ARREDO

**Tradizione artigianale e maestria  
manuale danno forma al segno:  
il design diventa comfort,  
lo stile diventa eccellenza.**

Traditional craftsmanship and manual  
mastery give shape to the sign:  
design becomes comfort,  
style becomes excellence.

Le poltrone ed i divani Albani sono il risultato della lunga e ricca esperienza di alto artigianato che l'azienda ha maturato nel corso del tempo.

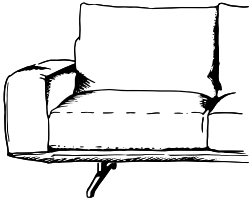

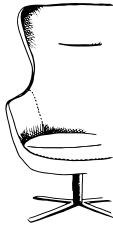

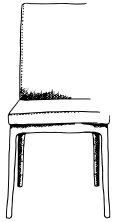

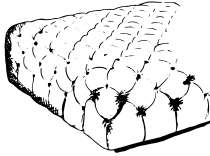

L'attenta selezione dei materiali e l'accuratezza della lavorazione manuale, che si estende fino ai minimi particolari, sono alla base dell'alta qualità e della lunga durata nel tempo che caratterizzano il singolo manufatto. Un manufatto esclusivamente artigianale, frutto della passione e dell'impegno di persone che, da circa trent'anni, si dedicano con maestria a diffondere il Made in Italy nel mondo.

The Albani armchairs and sofas are the result of the long and rich experience made by the factory in the hand craftsmanship.

The rigorous material selection and the accuracy in the manufacture, extended up to the smallest detail, form the basis of the top quality and long lasting life of each & every Albani's handmade product. An strictly craft product, result of the passion and commitment of people who, some thirty years, engage with mastery to spread the Made in Italy in the world.

L'ESPERIENZA, LA QUALITÀ
